DISCOVER SOFTWARE
ENGINEERING AT TRU!

Join us for an exciting day at Thompson Rivers University with the Engineering Department as we take you on a tour of our labs and present live demos of video game creation and more!

You will get to experience what our classes are like by participating in an Engineering Design course and an Introduction to Control Systems course.

AGENDA

9:00AM: Students will meet Kammi Madsen, our Engineering Student Advisor, and she will escort students to the labs. [OM2771](#)

9:15AM: Welcome from the Dean of Science and Associate Dean of Science. Kammi Madsen and Dr. Emad Mohammed will give an introduction and short overview of what will be covered as well as a program overview and tour. [OM2771](#)

10:15AM: BREAK

10:30AM: Building Budget Planner Presentation with Dr. Saftwat Hassan. [OM1971](#)

11:15AM: Q&A lunch with faculty. [OM2771](#)

11:45AM: Students will shadow year 1 students in Engineering Design Lab. [OM1791](#)

12:20PM: Design a video game console using FPGA with Dr. Omer Waqar. [OM1792](#)

1:20PM: BREAK

1:30PM: Student will participate in a Year 3 Class: EENG 3010 Introduction to Control Systems with Dr. Hashim Mohamed. [OM1792](#)

2:45PM: Closing. [OM1792](#)

3:00PM: Departure from TRU
