# Health Sciences Academy Description

The Health Sciences Academy will allow students to explore and experience a range of in-demand, public sector health care occupations. Through this exploration, students will have the opportunity to connect their interests and passions to numerous health career experiences with an emphasis on hands-on learning.

The structure of the Health Science Academy will include 4, 120 hours courses within 1 semester, under the supervision of a certified teacher. Students enrolled in the district academy will attend the academy for the entire day each day of the semester. Courses that will be taught within the District Health Sciences Academy will include: Health Career Sampler, Anatomy and Physiology, Work Experience, and Career Life Connections 12. Emphasis will be placed on hands-on learning through complex case management simulation and work experience. Students will work in teams within the classroom taking on the roles of a variety of health care professionals as they work to support a care plan for a simulated patient. Students will expand upon their knowledge of health care professions by completing 120 hours of work experience in one or more health care provider settings. Career Life Connections 12 will provide for the creation of a Capstone demonstration of learning in a health sciences post-secondary transition plan.

### **Strongly Recommended Courses Completed Prior to Academy Start:**

- Life Sciences 11
- Chemistry 11

Who Attends: Gr 11 and 12 students

Date: Semester 1, September to January

Fee: \$400 (if paying by cheque, please make payable to "SD73")

Location: Brocklehurst Secondary School
